# What I Enjoy

# My Experience with Leadership

## **Accenture – Tech Visionary**

Leading a team of 8 to design, develop and present to a panel our cloud solution.

Everyone in the team offered a position.

## **Glasswall – Test Framework**

Leading a team to develop a core test framework, meet the needs of a client and potential to productise.

Vast amount of knowledge gained around the cloud.

## **University – American Football**

Leading a team of defensive backs in order to work as a team, execute and win plays.

Achieved our first win in 2 years.
